

OSHKOSH™

# Memo

**To:** Oshkosh Corporation Suppliers

**From:** Oshkosh Corporation Logistics

**Date:** 3/16/2021

**Subject:** Domestic Inbound Parcel Shipment Transition to TMC

---

Oshkosh Corporation will be implementing a new entry process for domestic inbound parcel shipments to our locations within the U.S. on April 12, 2021.

We will be migrating our parcel shipments from the current portal/website to our current TMS platform, TMC. This is the same platform used currently for LTL and truckload shipments. You can access TMC at [www.mytmc.com](http://www.mytmc.com).

As we migrate to our new process, additional communications will follow for training which will be provided by TMC at the end of March, details will follow in future communication. Account set up by TMC for suppliers without existing accounts will be done by April 2, 2021.

If you have any questions on accounts, please reach out via email to [OshkoshTMC@mytmc.com](mailto:OshkoshTMC@mytmc.com)
