

The following instructions will show you how to add information for your company's Conflict Minerals Contact. Remember, this is for information purposes only, so if your company's Conflict Minerals Contact is already set up as an OSN portal user, you will still need to create an "Information Only" contact designating them as the Conflict Minerals Contact. The only difference is that when you enter their email address, you'll enter two asterisks (**) before the address.

It's very simple to add this contact information to OSN. First, you need to go to osn.oshkoshcorp.com and log in:

Firefox Oshkosh Supplier Portal

osn.oshkoshcorp.com
