

Section E: Electronic Data Interchange (EDI)
Revised: April 15, 2013

Attachment A is a sample Trading Partner Agreement (“TPA”) for your information. Each supplier participating in Oshkosh’s EDI program will be sent originals of this TPA for signature. A TPA must be in place before Oshkosh can place electronic orders. Our TPA is a simplified version of the American Bar Association’s Model EDI Trading Partner Agreement. Its purpose is to prevent misunderstandings and disputes by defining rules to govern the electronic transmission of binding contract documents. We believe Oshkosh and its suppliers will benefit from the efficiencies afforded by EDI.

Attachment B is the Oshkosh Corporation Electronic Commerce Guidelines (v4010):
