

**OSHKOSH™**

Oshkosh Corporation Inbound Order Entry User Guide

Audience: Oshkosh Corporation Suppliers

Purpose: Oshkosh Corporation Suppliers should reference this guide when entering Inbound Orders via www.mytmc.com.

TMC is responsible for managing inbound orders for Oshkosh Corporation. Inbound orders include: Less than Truckload and Full Truckload shipments.

TMC, a separate division of CH Robinson Worldwide (CHR), provides an integrated, transparent, and neutral approach to transportation management. They provide a blended service of supply chain expertise and TMS technology that will enable both immediate and sustained improvements throughout our transportation network.

TMC Contact Info:
OshkoshTMC@myTMC.com
855-212-0006

All Less than Truckload and Full Truckload Oshkosh Corp shipments must be entered via TMC's website; www.mytmc.com.

Requirements for daily execution of load tendering, exception resolution, and reporting KPI's have been designed in conjunction with individuals representing Distribution, Customer Service, Purchasing and Procurement across Oshkosh's business units. TMC will adhere to the processes outlined by these constituents agreed upon by Oshkosh that will ultimately improve the efficiency of the transportation process, long-term and create joint value for you and Oshkosh. Please note TMC will NOT have access to your product costs. The only costs they will see are our negotiated freight rates. Likewise, their parent company, CHR will NOT have access to any of your costs, including negotiated freight rates, as they will be participating as a freight carrier.

Sign In

1. Open www.mytmc.com in a web browser (i.e. Internet Explorer).

BUILDING A WORLD CLASS SUPPLY CHAIN

1. Enter your username and password and click "Login". If you do not have a username please email the TMC Oshkosh team at OshkoshTMC@myTMC.com.

Business Rules for Entering Shipments

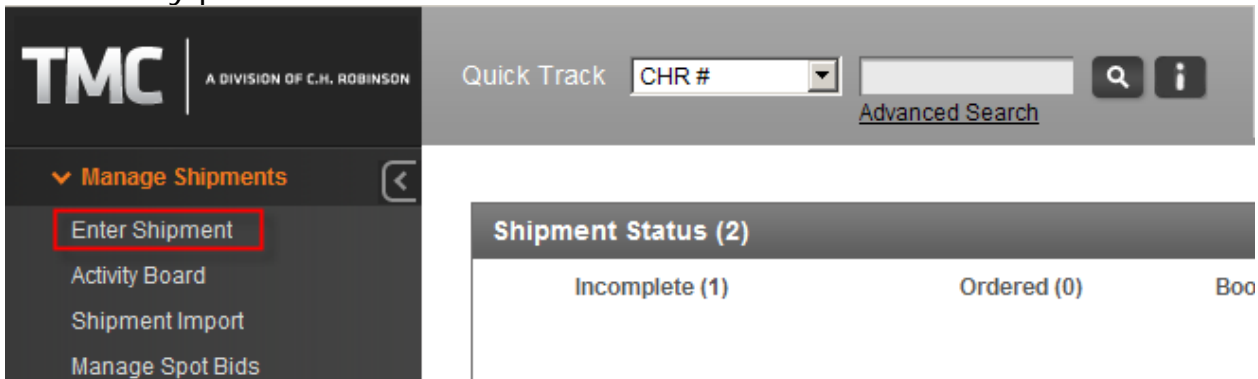

- **Small Parcel**
 - o Less than 150 lbs., non-palletized – UPS, FedEx, DHL
 - o **NOT IN SCOPE- DO NOT ENTER IN PORTAL**

- **LTL**
 - o ≈150-12,500 lbs., less than 20 ft. of trailer
 - o **MUST BE ENTERED INTO PORTAL**

- **Full TL**
 - o >12,500 lbs., greater than 20 ft. of trailer
 - o **MUST BE ENTERED INTO PORTAL**

Shipment Order Entry

1. Once logged in, select Manage Shipments then Enter Shipment to begin the order entry process.

2. Then select the appropriate account that the load you are entering pertains to (each business unit has its own Inbound TL and LTL account).

3. Next, select the Custom Equipment Type (if this is for a TL; all LTL accounts will default the equipment type to LTL) and enter your Route ID if applicable.

Account C7003464 - Pierce Mfg Inbound LTL, PO Box 2566, OSHKOSH, WI

(*) indicates fields that must be completed before submitting this shipment

Truckload Shipment Information

Route ID

2. Make the changes as necessary then make sure to save any changes made to the commodities.
3. Click Submit Changes on the main shipment screen in order for the changes to successfully save. You will receive a notification that your shipment edit has been submitted.

Shipment Confirmation

Your Shipment Edit Has Been Submitted.

Your CHRWonline Shipment # is **100188684**

Your CHRWonline Confirmation # is **TMC2046353**

- ▶ [View Shipment Detail](#)
- ▶ [Copy Shipment](#)
- ▶ [View Rate](#)

[Enter New Shipment](#)

- If a shipment has already been booked, you will need to contact OshkoshTMC@mytmc.com to add or delete a stop.

TMC BOL

- TMC's web portal gives you the option of using a standard BOL for your Oshkosh shipment. Once the carrier is booked on the load, search by the TMC Confirmation # by the quick track option at the top of the screen.

- There are two ways to view the BOL.
 - The first option is to select the  icon that is to the left side of the order and then click the BOL Link.

- The second option is to click the BOL icon next to the shipment detail icon.

- You may require Adobe Software to print the BOL, if this is the case, please download it prior to printing.

Calculating Transit Times

If you are unsure of the transit time for your particular shipment, you may use Navisphere to find the proper transit time to ensure the correct Requested Delivery Date. To do this, go to the "Get Quotes" section and select "Standard Transit Times."

You can then choose between LTL or Truckload shipment options. Once you have selected your mode you will then fill out the origin zip and destination zip to calculate the transit.

LTL **Truckload**

Enter the origin and destination Postal codes for the shipment you would like to get the standard transit time. Then click on the 'Get Standard Transit Time' button to view the results.

(*) indicates required fields

Account * C7041171 - Oshkosh- LTL GET- A- Quote, PO Box 2566, Oshkosh, WI

Origin Postal Code: *

Destination Postal Code: *

OR

Get Standard Transit Time ←

Creating and Using a Shipment Template

Additionally, you may create a template if you have certain shipment parameters that are frequently occurring on a given lane. A template can be created in the same manner as entering a shipment. From the menu panel select Manage Shipments → Enter Shipment. Then select the account for which you need to create a template for and select "Create Template"

Enter Shipment

Select Account: * C7016881 - McNeilus Inbound LTL, PO Box 2586, OSHKOSH, WI

Select Shipment Type: LTL

Create Shipment **Create Template**

From this point you will include any pertinent information that you want to include on your template (i.e. shipping location, delivery location, pallet count, etc.) Then once you have filled out all the information you want to include on the template, you will name the template and save it.

Commodities

Select from list or

Use the grid below to add commodities to your shipment.

+Commodity Description	Qty	+Packaging	+Max Weight	Value	Trailer Feet	VIN #	Pallets	Origin
------------------------	-----	------------	-------------	-------	--------------	-------	---------	--------

Save Shipment as Template

Template Name

- User Template
- Customer Template

All shipments subject to [Cargo Claim Policy](#)

Now that the template is saved you can use it by accessing it from the "Enter Shipment" screen and selecting the template you want to use from the drop down menu and clicking the load button:

Enter Shipment

Select Account: *

Select Shipment Type:

User Templates

Select Template:

The system will then load the template that you created and all you will have to edit is any of the required fields (i.e. dates, weight, po#, etc.) that would only become available when the order is ready to ship. Once that info is edited, you can submit the shipment.

Important Information

1. If an employee changes email addresses or is no longer with the company, it is important that their email address is not used for shipment entry. Each person entering orders online must have their own log in and password.
2. If you need your password reset, please email OshkoshTMC@myTMC.com and someone from the account team will reset it for you.

FAQ

Q: What if I don't see my order on the activity board immediately after I enter it?

A: An order will take about 5-10 minutes to populate the activity board after you enter it. If you still do not see it after 30 minutes, contact your TMC representative.

Q: What if a PO changes and I need to update the shipment I already entered or if I entered it incorrectly?

A: You are able to edit the shipment only if it is not booked with a carrier. See the section above for steps on how to edit. If a carrier is booked, however, you will need to contact TMC to change the shipment.

Q: What if I ship direct to a customer and not to Oshkosh? Should I enter this shipment in TMC?

A: Yes, there are Inbound Third Party accounts setup for each business unit specifically for you to use to enter these shipments.
